Daya Patki

## Bamboo Tantra

Our goal at Bamboo Tantra is to promote the use of bamboo products, support the growth of bamboo artisans and encourage the movement towards natural and climate-friendly materials. Bamboo Tantra was formed in the year 2018. Currently Bamboo Tantra is working with bamboo artisans based all over India. And supporting bamboo artisans to conserve their inherent craft.

## Founder

Bamboo Tantra was founded by Daya Patki. She was raised in a bamboo environment because of her father, Mr. Ajit Thakur, has worked in the cultivation and propagation of bamboo for the past 39 years. Her father also owns a lovely bamboo farm in the Raigad District of Maharashtra, which is managed by her husband, Mr. Anand Patki.

While working alongside her father and husband, she learned that there are many outstanding, award-winning bamboo artisans who lack a suitable platform to market their goods. She founded bamboo Tantra to support bamboo artisans to conserve their traditional art and provide financial support to them.
